Application for the Tietoevry Tech Graduate Program 2024

I want to express my interest in joining the Tietoevry Graduate Program for the fall of 2024. I am currently pursuing a bachelor's in informatics at the University of Bergen, and I am graduating in Spring 2024. I am excited about the prospect of starting my career in an innovative and pioneering company such as Tietoevry.

My academic journey at the University of Bergen has provided me with a solid knowledge base and practical expertise in several technological domains, including software development, agile practices, software security, testing and more. With proficient bilingual skills in Norwegian and English, and a firm footing in tech, I am confident in my ability to seamlessly integrate into your innovative team.

The rich, immersive experience offered by Tietoevry's Graduate Program, alongside the substantial networking and mentoring available, greatly appeals to me. I'm particularly drawn to Tietoevry's commitment to continuous learning, professional growth, and an inclusive environment, making it a top contender for where I'd like to kickstart my career.

Thank you for considering my application. I am very much looking forward to the opportunity of contributing to and learning from the Tietoevry team.

Sincerely,

Maja Walde
